## Uniklinikum Erlangen

The university hospital is situated in the city centre, which is extremely convenient for patients and visitors. Not far away from the university hospital one can find the vibrant pedestrian zone with lots of small shops and comfortable pubs. The hospital's buildings lie mainly on the garden of the margrave's palace and accommodate more than 1,300 beds.

The university hospital is easily accessible via the motorway A 73 (exit Erlangen-Nord), via the ICE train station Erlangen and the Airport Nürnberg. Short-term parking places are to be found in front of the entrances of the medical institutions. A modern parking garage (called "Parkhaus Uni-Kliniken") with 380 daily and weekly parking places can be reached over the Palmsanlage. Further long-term parking places are to be found on the large parking area behind the train station.

Uniklinikum Erlangen, with its 42 departments and eight institutes, encompasses all fields of medicine.

The latest scientific knowledge in medical research as well as the most modern equipment is used in diagnosis and therapy. Education and training, research and patient care are all linked together at the highest level.

#### KlinikLinie: free bus connection

All the buses of line 299 – the so-called clinic line – take you from Erlangen central bus station to Universitätsklinikum Erlangen. These wheelchair accessible mini buses leave every 10 minutes from Erlangen central bus station just west of Erlangen main station and can be used free of charge. They pass, among others, the stops  "Kliniken/ Maximiliansplatz" and "Östliche Stadtmauerstraße".

#### Schedule

- Monday to Friday: 5am to 8pm
- Saturday: 9am to 8pm
- Sunday/public holidays: 10am to 4pm
